CORD CLIPS (FOR LATER)

02 L&R ORIENTATION

NOTE EARTIPS ANGLE INWARDS (FORWARDS) FOLLOWING DIRECTION OF YOUR EAR CANAL. This means that L&R orientation is reversed for over-ear, as explained later.

03 GREAT SOUND PERFORMANCE IS IN SELECTING THE RIGHT SIZE EARTIP

WE LOVE GREAT SOUND. MAKE SURE YOU HEAR IT. Because everyone's ears are different, be sure to try all sizes of eartips. Only with the right size eartips will you enjoy a snug fit & premium sound quality. BACK IT UP WITH SECURE FIT EAR CUSHIONS. The eartips may slip out of your ear a little. You will lose bass when this happens so use the secure fit ear cushions to hold them in place for best sound.

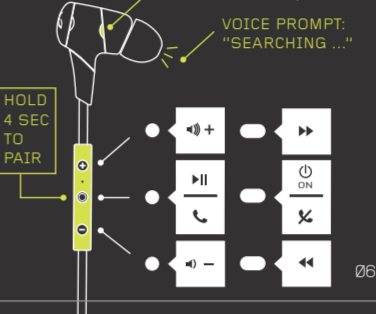

06

04 SOUND CHECK

Pair (set up) headphones to your music device, play music, and try each size of eartip to find the best fit and sound performance. A proper seal is essential for you to fully appreciate the high quality audio of BlueBuds X.

ADVANCED OVER-EAR FIT OPTION

12

FURTHER TO THE MENTION ON THE BOX... OVER-EAR FIT IS DEDICATED TO MUSIC, NOT DESIGNED FOR CALLS. IT LIBERATES SPORTS MUSIC LISTENING BY LIFTING THE CORD OFF THE NECK, AND SHIFTS THE MIC BEHIND THE EAR. SOME ADJUSTMENT TIME IS NEEDED WHEN SWITCHING BETWEEN FIT OPTIONS.

14

01 NOW THAT YOU KNOW YOUR PREFERRED EAR TIP & CUSHION...

and have a sense of the audio performance without other distractions, you are ready for over-ear fitting. REMOVE THE SECURE FIT EAR CUSHIONS. YOU WILL INSTALL THEM DIFFERENTLY THIS TIME.

OVER

Your ear canal travels up and forward. The intelligent patent pending BlueBuds X angles to the same direction in either wearing style, encouraging a great, snug fit.

16

02 L&R ORIENTATION

NOTE EARTIPS ANGLE INWARDS (FORWARDS) & UPWARDS, FOLLOWING THE DIRECTION OF YOUR EAR CANAL.

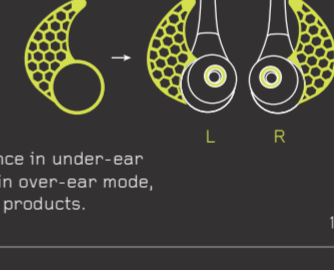

WHEN WORN OVER-EAR: CONTROLLER ON LEFT side

OVER

03 SECURE FIT

TAKE YOUR PREFERRED SIZED SECURE FIT EAR CUSHION AND INSTALL IN REVERSE DIRECTION WITH POINTED END NEXT TO CORD.

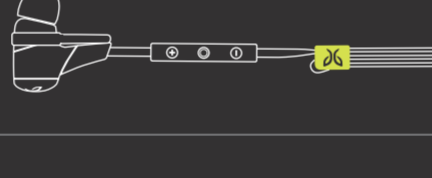

IMPORTANT: Check your size preference in under-ear mode first as it can be difficult to tell in over-ear mode, and may be different to other JayBird products.

18

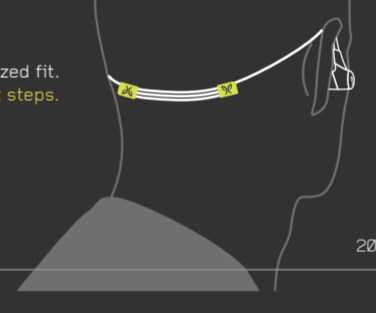

04 CORD MANAGEMENT CLIPS

Over-ear mode requires less cord, so before fitting, install the cord management clips to secure the slack for a customized fit.
